

Dear Hiring Manager,

I am a final-year B.Tech student in Information Technology at Manipal Institute of Technology, Bengaluru, with internship experience at **NTT DATA, Intel, and Corizo**. I have worked on Retrieval-Augmented Generation systems, AI model optimization, and enterprise-focused applications, gaining hands-on exposure to cutting-edge technologies.

Technical Skills:

- Python, Java, C, SQL
- FastAPI, React, Next.js, Tailwind, Flutter
- LLMs, ML Pipelines, Neo4j, MongoDB

Key Projects:

- AI Stock Market Assistant (real-time LLM-powered financial insights)
- Prompt-to-API Generator (natural language to FastAPI + React)
- Intrusion Detection Hybrid (AI-driven IDS)
- Pharma Supply Chain (Blockchain-enabled distribution)

Leadership:

- Vice President – Tech Fest 2025
- General Secretary – ACM Student Chapter
- Vice Chair – MBOSC
- Editor-in-Chief – Avalokana
- Media Head – NSS

I am eager to apply my technical expertise and leadership experience to contribute to your organization.

Sincerely,

Sashi Pritam Manandi Anand
